1000ml

Root Stimulator Boost

Natural liquid root maker

Stimulates root growth on cuttings, seedlings, young plants and newly seeded lawns. Natural plant-based alternative to hormone based rooting powders. Increases nutrient uptake.

Directions for use

- Shake well before use
- Cuttings; dip in 5% solution prior to striking, once roots start, drench the compost at 5ml of concentrate per litre of water
 - Seeds; once first leaves emerge above the surface, drench the compost at 5ml of concentrate per litre of water
- Repotting; drench at 50-100 ml of concentrate per 10 litres of water. Repeat after 1-2 weeks
- Plugs; once planted, drench at 30-50 ml of concentrate per 10 litres of water
 - Grass seed; new lawn or repair, after sowing apply 10 ml of concentrate per 10 litres of water, 100 litres of water to cover 100 square metres of lawn
 - Store in cool place out of sunlight

Precautions

- Wash hands after use, avoid contact with eyes and skin, do not drink or swallow
